

Models: (l to r) P300BL, P300SL, P300RD, The MYERCHIN "Sailor's Tool" is an all around utilitarian rigging knife. It features a locking spike, locking blade, and functional set of pliers. It includes a belt clip and nylon sheath. Everything a working rigger needs to complete the job. For safety, the blade is easily opened with one hand. The blade features our aggressive serration which is perfect for synthetic line. All stainless except for aircraft aluminum anodized handles. Always look for the MYERCHIN whale. Great tool... economical price.

Length closed: 5.0', weight 4.5 oz.
